Membership Renewal Online: The site is up and running. The process is simple and payment can be made online by PayPal and credit card. There is also the option of marking the box for sending in a check through the mail. After registering, there will be a return email to notify the member that their registration has been processed. If the member decides to pay by check, their membership will begin when the payment is received. The treasurer of the County Chapter will be notified when each member is registered. At this time, there is no hard copy of the registration form but members could use the old form with the date changed. It was asked if the State OHC would be sending out membership cards. It does not appear to be so right now and Charlene will check on it at the State Meeting. The local chapter can send out the cards if it is needed. The cards are often needed to establish club membership for discounts or participation in other chapter activities.

Unfinished Business

Shelter House for Dillon State Park: Craig presented information of commercially available shelters. The price included erecting the structure but did not include foundation materials. Prices were between \$1100 and \$2000 for the structure with additional monies needed for the foundation. There is a grant through OHC that requires matching funds be used from the local chapter. A motion was made to apply for a \$1500 grant and set aside \$1500 in LCOHC money for the shelter house. It was proposed by Sandy Belt and seconded by Linda Patterson. Charlene will work on the grant application. A sign will be added to read, "Donated by LCOHC".
